

# Better Hurry Up

James B. Paris  
Stamps-Baxter Music (BMI)

## Verse

Christ has gone a home to prepare  
Up beyond the blue sky  
It must be so wondrously fair  
Never seen by mortal eye  
We know soon He's coming again  
From his heavenly throne  
We shall leave this earthly domain  
When He comes to claim his own

## Chorus

Better hurry up  
Get ready to go  
Better hurry up  
No time to be slow  
If you're gonna ride on the glory cloud  
With the Savior and his chosen crowd  
Better hurry up  
Get ready to go

## Verse

Give your heart to Jesus today  
O why longer refuse  
Let Him wash your sins all away  
He's the only one to chose  
Do not wait until it's too late  
Let Him be your true guide  
Enter in at mercy's bright gate it is standing open wide

## Repeat Chorus Twice

Better hurry up, hurry up, hurry up  
Hurry up, hurry up, hurry up  
Hurry up, hurry up, hurry up, get ready to go

## Repeat Chorus
