Chorus:

I just can't say it loud enough

I can't sing it strong enough

I can't say it loud enough

Jesus saved my soul

Repeat chorus

The best news I've ever heard

Was written in God's Holy Word

The greatest act of love occurred

In the beginning of time

Now I never hesitate

News of Jesus just won't wait

Don't let this message come too late

Every branch is grafted to the one True Vine

Repeat chorus

Now my prayer will ever be

That somehow all my friends will see

Oh, that a change was made in me

On the day I said "Yes"

I've decided to begin

Each day with new hope within

Overcoming chains of sin

This forgiveness shows He's given me His very best

Repeat chorus

Bridge:

Now some folks shout on Sunday mornin'

Some just get carried away

The joy of knowing the Risen Savior

Fills the spirit, can't you hear it?

Repeat chorus two times

He saved my soul
