

Lord Send Your Angels

Verse 1

When I'm alone and the light slowly fades
Cold with the night closing in
I know the shadow of almighty wings
Lord, won't you send them again

Chorus

Lord, send your angels to watch over me
I'm so afraid of the dark
Lord, send your angels to watch over me
Wrap me in sheltering arms

Verse 2

Sometimes the child inside of me cries
Fears of the dangers unseen
And questions with answers I can't seem to find
Then you send your angels to me

Repeat chorus

Bridge

Shield me, keep me
Hold me safe in your arms

Repeat chorus

Wrap me in sheltering arms
Wrap me in sheltering arms
