

Wonder

Rachel McKutchen/Allison Speer, Sunset Gallery Music 2014

Verse 1

If I could bottle up all of my love for you
And you could drink it up when troubles trouble you
You would have a potion stronger than gravity
And you would always believe

Chorus

That you are a wonder, a superman, a Hercules
You are a miracle to me
So stand tall, be strong, champion the weak
Be all God made you to be

Verse 2

You have been chosen by the God of earth and mystery
He will stand by your side, together you'll change history
There is not a giant you cannot overcome
For God is with you by son

Repeat chorus

Bridge

Do not be afraid when trials try your heart
They only come to set you apart

Repeat chorus

Be all God made you to be
